ML 816 — Establishment of Municipal Workshop in Mysore City

Letter No C3-5/1869 dated the 23rd July 1948 from the President, City ML Cl Mysore on the above subject

The ML Cl Mysore have passed a resolution on the 29th June 1948 to the effect that Govt be requested to depute a Mechanical Engineer to give suggestions to the Mysore City ML Cl for the formation of a ML workshop. The Pdt. ML Cl requests sanction of Govt for a deputing a Mechanical Engineer to Govt to the Mysore City Mlty for giving a detailed scheme for the establishment of an up-to-date workshop where all the repair works of the Mlty may be attended. Sanction for orders

JAO 3/8 WB Pl. papers 2) The financial condition of Mysore City Mlty is so tight it cannot readily afford a luxury of the kind of Municipal workshop just at present

may think of starting it
when its finances reach a
sound condition

3) But at present they want a
mechanical engineer to be deputed
to give them a detailed scheme
for the establishment of an updated
workshop. Perhaps the Director of
Industries & Commerce might be requested
to do the needful & scheme may
be put up the question of sanctioning the same might
be considered after knowing the financial implications
thereof. New Delhi 4/8/48

4) If approved, the
Director of Ind S & Comm will
be consulted as proposed above

Sir,

Subject - Establishment of Municipal workshop

I have the honour to state that at present there is a small Municipal workshop in the Sewage Farm which is attending to the work of minor repair to Municipal carts, repairing plough shares etc There are as many as ten lorries working in the Municipality and these are being sent to the private workshop for even minor repairs for want of suitable equipment and establishment There are fuel-supply lorries also which have to be examined from time to time The Council have been corresponding with Government for the starting of City Bus Service worked by Municipal Agency

In view of all these, the Council felt that the present workshop should be well organised and its scope and utility expanded and mechanical engineering graduate should be appointed therefor to supervise the workshop as also have control over the lorry drivers, and lorries of the Engineering Health and Fuel Section They have also resolved to request Government to depute a Mechanical Engineer to give suggestions for the formation of a Municipal workshop

In enclosing the copies of the resolution, I request you kindly to obtain orders of Government for the deputing of a Mechanical Engineer early for giving a detailed scheme for the establishment of an up-to-date workshop where all the repair works of the Municipality may be attended

Sir

Subject - Establishment of a Municipal Workshop in the Mysore City Municipality

---

With reference to your letter No L 2119/E dated 2-9-1948 and the reminder thereon No L 11763 dated 14-4-1949 on the above-mentioned subject I have the honour to state that the Industrial Engineer in charge of the Central Industrial Workshop Bangalore, who was deputed for this purpose, had met the Municipal Engineer of the Mysore City Municipality and after discussion with him given the Municipality a scheme on the establishment of a Municipal Workshop a copy of which together with a plan of the proposed lay out is sent enclosed herein for the information of Government,

As the Municipal Workshop can be developed in due course not merely as a service centre but also as an Engineering production centre and will thus help to provide scope for skilled labour as well as execution of engineering jobs, and can be run on commercial lines, I would request that the decision of the Municipality on the proposal may kindly be ascertained and intimated

Yours faithfully,
E V Ramaprab

Sir,

Subject - Establishment of Municipal Workshop in Mysore City

S/HAs

With reference to your D O letter No 19166 dated 6-2-1953 on the above subject I write to invite your kind reference to this office letter No C3 P 91dated 14-5-1949 (copy enclosed for ready reference) wherein it is stated that on the proposal of the Municipal Engineer for the establishment of a Municipal Workshop involving the appointment of a Foreman, a fitter, helpers a smith and a hammerman and a carpenter at a recurring expenditure of Rs 6174 per annum and initial expenditure of Rs 1485 for purchasing necessary equipments etc the Managing Committee and the Council examined all aspects of the case and opined that it was sufficient to appoint a mechanic foreman for the time being to supervise the working of the lorries and issue instructions for the repairs to the Municipal vehicles The appointment of a mechanic Foreman has been sanctioned by Government in their order No L58182/CM 352 dated 8-4-52 It may be stated that there is a special establishment of a miniature workshop consisting of Black-smith carpenter and helpers etc attached to the Municipal Farm and the vacancy has been advertised also, and with this auxiliary it is possible to manage to meet the requirements The question of establishment of a separate workshop for the Municipality is not therefore likely

to be pursued for the present

Yours faithfully,

(F M Abdul Rahim)
Municipal Commissioner

Forwarded with compliments

Subject - Appointment of a Mechanic Foreman to the Mysore City Municipality

---

I have the honour to state that with a view to reorganize the working pattern to enable the Municipality on a proper basis so as to provide for effecting repairs to the Municipal vehicles and lorries under the supervision of a capable and well-experienced official the Council resolved at their last budget meeting that proposals for the reorganization of the workshop establishment be placed before them for consideration The Municipal Engineer thereupon submitted proposal for the establishment of a workshop involving the appointment of a foreman, a fitter, helpers, a smith a hammerman and a carpenter at a recurring expenditure of Rs 6174/- per annum an initial expenditure of Rs 1430/- for purchasing the necessary tools and plants etc The Managing Committee before whom the subject came up for consideration, recommended after examination of all aspects of the case that it was sufficient to appoint a Mechanic-foreman for the present to supervise the working of the lorries and issue instructions for the repairs to the Municipal vehicles While recommending this proposal the Managing Committee were of the view that the mechanic to be appointed should have disciplinary control over all the drivers of the Municipality in addition to that over the workshop His duties will include the allotment of work for each lorry every day, ensuring that the allotted work is done, keeping the vehicles in an efficient condition, check the issue and consumption of petrol and arrange for repairs and renewals

The Council duly approved of the Proposal of the Managing Committee for the appointment of a Mechanic-foreman in the Municipality at their meeting held on 7-5-1949 The scale pay of the Mechanic foreman will be Rs 100-10-150 as recommended by the Municipal Engineer and approved by the Council

In enclosing a copy of the resolution of the Council, I request you kindly to obtain the orders of Government sanctioning the proposal of the Council for the appointment of the mechanic-fro rank The cost on this account will be met out of general savings in the current year and provision that would be made in the budget estimate for the year 1949-1950
